Se vedhæftet rapport. Betyder det, at vi som organisation lever op til dette krav?</p>	<p><b>Eligibility criteria</b></p> <p>Organisations that have undergone an assessment by an Assessment Committee and on that basis have been found eligible for receiving a grant under CISU or other similar pools funded by Danida, are considered to fulfil eligibility criteria 2 under the call “in support of vulnerable groups among refugees, internally displaced people and affected local communities in eastern Africa and the Horn of Africa.” Please note that the organisation must be receiving the relevant grant at the time of the application for this call.</p>

**Budget ceiling**

In relation to the above referenced call we have the following question:

We have noted that the budget ceiling for a proposal is 25 million DKK. Would the MFA be willing to change the budget ceilings should two or more Danish NGOs join in a consortium? I.e. could the budget ceiling be twice the maximum amount if two organizations develop a joint proposal?

**Budget ceiling**

The budget ceiling on 25 million DKK is for a project proposal regardless of whether it is submitted by a single Applicant or by a Lead Applicant on behalf of two or more organisations.
