Suspicion of irregularities in relation to Uganda Local Government Association (ULGA) in Uganda

Reference is made to the previous report dated 29 April 2025 regarding financial irregularities at ULGA amounting to DKK 262,407. ULGA received a grant of DKK 12,500,000 under the Uganda Good Governance Programme 2011 – 2018.

The Uganda Local Government Association (ULGA) received grant under the Uganda Good Governance Programme 2011 – 2018. In 2018, project close showed unaccounted expenses worth DKK 140,000 and DKK 122,407 as unspent programme fund. The Ministry of Foreign Affairs demanded that unaccounted expenses plus the unspent programme fund at a total of DKK 262,407 be reimbursed.

To date, a total of DKK 130,538 has been repaid over a period of six years, leaving DKK 131,869 outstanding.

The MFA has had several engagements with ULGA concerning lack of adherence to the repayment schedule. ULGA has unfortunately become institutionally very weak due to inability of district local governments to remit membership fees which is the main source of income for ULGA.

The organisation has subsequently made written requests for a waiver of the outstanding balance. The MFA has re-engaged the lawyers to undertake an exhaustive analysis on whether there are alternative options of recovering the funds.

A new report will be forwarded when there are further developments in the case.
