

# POLAND *EVEN* CLOSER

SEMINAR OCTOBER 9<sup>TH</sup> 2012  
IN COPENHAGEN

The Royal Danish Embassy in Poland invites you for a seminar for Danish companies with interest in Poland. The main focus will be legislative changes and business opportunities within renewable energy and energy efficiency.

The seminar will include cases from Danish companies already active on the Polish market.

# POLAND *EVEN* CLOSER

SEMINAR OCTOBER 9<sup>TH</sup> 2012  
IN COPENHAGEN

**Poland is currently undergoing a transformation and expansion of its renewable energy sector. In addition there is also an increased focus on energy efficiency in buildings. In other words now is the perfect time for Danish companies to take a closer look at the Polish market.**

The EU integration has led to large investments in infrastructure, energy efficiency and environment. In addition Poland is currently finalising its first act with a sole focus on the area of renewable energy. Finally changes have been made to the building code and new requirements for energy efficiency in buildings have been introduced.

This seminar will focus on the following topics:

- New Renewable Energy Sources Act
- Investments in biogas
- Changes in building code and new requirements for energy efficient buildings
- Future opportunities within wind power.

## TIME & PLACE

**Tuesday 9 October - 09:30 - 15:00**

**UM Eigtveds Pakhus (Hall II)**

**Asiatisk Plads 2G**

**1448 Copenhagen K**

Participation at this seminar is free but the deadline for signing up is 2 October (on [thothe@um.dk](mailto:thothe@um.dk)). Cancellations have to be received no later than 48 hours prior to the event. No show fee is DKK 350.

We are looking forward to welcome you.
