Reference is made to the previous report, approved on 31 March 2026, concerning suspicions of irregularities related to a grant to The Day After (TDA). The grant amounted to DKK 9 million and was disbursed in full.

TDA has submitted additional documentation in response to the missing documentation identified during the review. The newly submitted documentation and supporting information were assessed by the Danish MFA. The additional documentation relates to three separate activities implemented in 2019, 2021, and 2023, respectively. Although TDA was able to provide supplementary documentation and clarifications, the MFA concluded that the material was insufficient to demonstrate full compliance with the applicable regulations and documentation requirements under Danish guidelines.

Consequently, the MFA agreed to declare the amount of DKK 28,662 (USD 4,372) ineligible and TDA have agreed to return the amount at the close of the project.

A subsequent report will be submitted once the funding has been returned to close the case.
