Suspicion of irregularities in relation to the Olga Tokarczuk Foundation's activities in Poland

Reference is made to the previous report dated 20 April 2026 regarding suspicions of financial mismanagement during and after completion of the project on a grant to the Olga Tokarczuk Foundation (The Foundation). DKK 127,755 has been granted for the period July-December 2023.

Following the issuance of the third official letter on 9 March 2026, The Foundation took the initiative to resume the dialogue, demonstrating a willingness to present the outstanding documentation. Initially, The Foundation returned the unspent funds and an already rejected cost item, amounting to DKK 16,118. The investigation of the presented evidence by the Foundation has concluded that there have been ineligible expenses of DKK 9,199 as The Foundation did not provide a sufficient documentation.

The Ministry of Foreign Affairs of Denmark requested reimbursement of the ineligible expenses, which subsequently took place on 6 July 2026.

The Ministry of Foreign Affairs thus regards the case as closed without loss of Danish funds.
