The Ministry of Foreign Affairs of Denmark supports ADRA Denmark through a strategic partnership from 2022-2026 with an annual grant of 38 million. ADRA Denmark cooperates with a local implementing partner, ADRA Uganda, with the aim of strengthening community-based climate adaption in Uganda and South Sudan. DKK 10,163,551 has been disbursed to ADRA Uganda.

In January 2026, ADRA Uganda received an allegation stating that funds allocated for tractor hire were misappropriated. The allegation included an employee having diverted funds for personal benefit, potentially in collusion with a service provider. The amount under suspicion is DKK 23,000.

An investigation was initiated with an external third party in January 2026. The investigation report was finalised and shared with ADRA Uganda and ADRA Denmark in February 2026, and concluded that the allegation was confirmed, and that an employee had misappropriated funds to meet personal benefits. A process is ongoing to establish the consequences for the employee, and to decide what measures to take going forward.

A new report will be forwarded when there are further developments in the case.
