Reference is made to the previous report dated 24 April 2023 regarding whistleblower allegations of corruption against the Ecological Christian Organisation (ECO) in Uganda. The Danish Ministry of Foreign Affairs has a strategic partnership with Forests of the World (FoW) for the period 2022-2025 with an annual grant of DKK 16 million. FoW supports a project through their local partner in Uganda, Climate Action Network Uganda (CAN-U), which has so far received DKK 491,767. ECO has been hosting CAN-U and financially administering the grant from FoW.

An independent audit was conducted regarding the management of the Danish funds. The audit was carried out in cooperation with private investigators. The audit did not find any evidence to substantiate the allegations and no fraud with Danish funds was uncovered.

The hosting agreement with ECO has ended and CAN-U's finances are no longer administered by ECO.

The Ministry of Foreign Affairs thus regards the case as closed without loss of Danish funds.
